

Now two winners per game!

It's back! All previous entries are still valid.

On July 23, Major League Baseball returns, along with the Maryland Lottery's Contestant of the Game (COTG) promotion! During the abbreviated season, the Lottery will give players more chances to win. Now two contestants will be selected for each of the Orioles™ 60 regular season games. Players participate by entering winning and non-winning FAST PLAY game tickets into My Lottery Rewards™ (MLR).

The promotion was originally launched on March 16th and has received a large number of entries. All players may continue to enter until the final entry deadline on August 31st. See revised entry deadlines below.

Second-Chance Game Details

- Two COTG will be selected for each of the 60 regular season Orioles™ games in 2020 (120 winners total).
- Each COTG will win \$500 just for being selected and \$500 for each home run hit by the Orioles™ during the contestants' designated game.
- All FAST PLAY game tickets purchased and entered from March 16th through August 31st are eligible for the promotion.
- Players who enter winning and non-winning FAST PLAY tickets will automatically accumulate entries based on price point. Any FAST PLAY ticket entered will also be applied toward MLR achievements.

\$1 FAST PLAY games = 1 entry
\$2 FAST PLAY games = 2 entries
\$3 FAST PLAY games = 3 entries
\$5 FAST PLAY games = 5 entries
\$10 FAST PLAY games = 10 entries

- All entries are cumulative. Players who submit an entry within the promotion period and prior to a particular drawing's entry deadline will be eligible for that drawing and all subsequent drawings, unless selected as a winning entry.
- COTG winners will be selected periodically throughout the season. Please see below for entry deadlines.
- All entries that have been entered since the promotion began on March 16th will be eligible for all three drawings.
