Like Pick 3 and Pick 4, Pick 5 will be drawn twice a day, midday and evening. Pick 5 has a top prize of \$50,000 for a one-dollar bet. As with our other Pick games, players can choose from a variety of bet types, which are shown in the payout chart that follows.

With the launch of Pick 5, the Lottery will no longer offer 5 Card Cash. The final 5 Card Cash drawing will be held on Sunday, February 6, 2022. Winners have 182 days from the date of their drawing to cash or claim any outstanding prizes.

For all uncashed 5 Card Cash free ticket prizes after the last drawing closes:

**POS Terminals:**

When the ticket is presented, there will be a \$2 credit applied to the terminal; players can use this \$2 for any other purchase or they can get \$2 Cash from the retailer.

**Self-Service Terminals:**

When the ticket is scanned, \$2 will credit to the machine balance; if at zero, players would then have \$2 in their cart to purchase other tickets or voucher out.

The Bonus Match 5 game will still be available with drawings seven nights per week, but after February 6th, these drawings will no longer be televised. Players may view the drawing by visiting <https://www.mdlottery.com/winners/watch-the-drawings/>. All winning numbers may be found by visiting [mdlottery.com](http://mdlottery.com) or our mobile app.

## Pick 5 Game Play

Pick 5 plays like Pick 3 and Pick 4. Players select the numbers they wish to play by filling out a playslip or choosing Quick Pick for randomly selected numbers. Players can also download the Maryland Lottery mobile app and fill out and scan a Pick 5 eplayslip.

The bet types available for Pick 5 will be familiar to your players: Straight, Box, Front Pair, Back Pair, Front 3 and Back 3. Pick 5 also includes the option to wager on Front 4 and Back 4. Unlike Pick 3 and Pick 4, Pick 5 does not offer Combo and Straight/Box bets. Multi-draw and Advance Play tickets will be available.

Check out all the ways to wager and win playing Pick 5 on the next page.
